

# We are looking for you!

## **AGRONOME (m/f), Multilingual - NIDAU (BERN)**

Bioma SA is a Swiss company specialized in the production of natural products for agriculture and waste management.

Our products are called 'Chemical-Free' because we use only natural (GMO-free) plant raw materials and microorganisms. All our products are absolutely non-toxic and safe for animals, the environment and humans.

**In order to strengthen our team, we are looking for a new employee to join our team in our office of NIDAU (2560, BERN), immediately or by agreement date:**

### **AGRONOME (m/f), Multilingual**

**Employment: 100 %**

#### **Requirements:**

- Knowledge of organic and/or biodynamic farming techniques.
- Knowledge of plant and animal waste fertilization and composting techniques.
- Knowledge and practice of the management of the main phytosanitary problems in arboriculture and/or viticulture and/or soils.
- Knowledge and practice of soil and vegetation cover management.
- Knowledge and practice of the main agricultural equipment.
- Knowledge of soil/water interaction dynamics in relation to microbial activities.
- Willingness to travel occasionally, sometimes abroad.
- Availability for an apprenticeship period with BIOMA technicians.
- Willingness to engage in constructive discussion and interaction on the innovative dynamics of crop management techniques.
- Fluent knowledge of written and spoken English
- Willingness to relocate to Switzerland if resident in another country

#### **What we offer:**

- Good working conditions.
- Flexibility in work organization.
- Young, dynamic and helpful team.

If you are interested in this position, please send us your application documents.

We look forward to reading you. Applications to be sent by e-mail to:
